

S3100V

Stand Tall. Move Freely.

INTERACTIVE EXPERIENCE

Clean, vertical presentation highlights the featured product and encourages customer interaction.

ENHANCED SALES

Wireless sensor frees associates to move about the store and sell complementary products.

ANALYTICS & REPORTING

Measure customer engagement and merchandising performance at any time.

OVERVIEW

A visually engaging display that invites customers to experience products in their truest form – without cords or wires. Retailers can choose the desired security setting while advanced analytics provide insight on customer engagement and planogram performance.

FEATURES AND BENEFITS

- 1 Consistent look and feel across tablet and smartphone displays
- 2 Alarm sensor cannot be blocked or disrupted
- 3 Streamlined sensor design provides device stability
- 4 Choose an Alarm Zone or Secure Zone and determine security parameters
- 5 Sensor alarm will sound when device crosses the zone limit
- 6 Optional Alarm Node flashes red and provides louder alarm to enhance display security

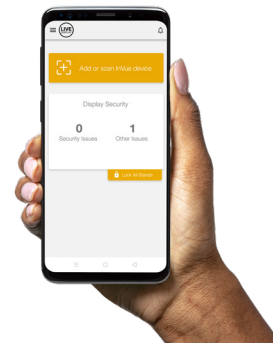

S3100V is part of InVue LIVE — a connected platform of products that help retailers track, monitor and manage store operations in real time. With a suite of hardware and software solutions across Merchandising, Access Control, Security and Operations, InVue LIVE is the single source for retailers to gain in-store visibility across their estate.

S3100V USES INVUE'S LIVE DISPLAY MOBILE APPLICATION FOR:

- Remerchandising and planogram visibility
- Insights into customer engagement
- Disarming for nightly removal
